

Welcome to Art!
Anacapa Middle School - Spring 2020

Welcome AMS artists! In art, we are 21st century learners. Our class will strive to:

Get creative: Experiment with different art mediums, learn techniques & create original art

Collaborate: Work with peers, school, and community on meaningful projects

Communicate: Read, write & talk about art

Think critically: Analyze art, develop visual literacy skills, and build studio habits

Most importantly, we will have fun, express ourselves, and try new things!
